Summary

Computer Science student specializing in Information Systems at Kabul Polytechnic University, admitted in 2023 after achieving **321.9/360** in the national Kankor examination. Passionate **Full-Stack Web Developer** with hands-on experience in building modern web applications using both front-end and back-end technologies. Worked as a Front-End Developer at Hadafe-Barter Academy, where I contributed to real-world projects, collaborated effectively within a development team, and gained practical industry experience. In addition to my professional work, I have developed several university projects that strengthened my technical, teamwork, and problem-solving skills. I am a fast learner, highly motivated, and committed to continuously expanding my knowledge while delivering high-quality software solutions.

Skills

HTML5, CSS	● ● ● ● ●	JavaScript(ES6+)	● ● ● ● ●
TypeScript	● ● ● ● ●	React	● ● ● ● ●
Tailwind CSS	● ● ● ● ●	Responsive Design	● ● ● ● ●
Node.js, Express	● ● ● ● ●	ASP.NET Core	● ● ● ● ●
MySQL	● ● ● ● ●	PHP	● ● ● ● ●
Programming Languages(C++, C#, Java)	● ● ● ● ●	Tools & Technologies(Git, GitHub, VS Code, Postman, Bruno)	● ● ● ● ●

Projects

04/2026 – 06/2026

Futsal Gym Management System

Backend Developer | University Team Project

- Developed the backend of a full-stack management system for a futsal gym as a university project.
- Designed and implemented RESTful APIs using **Node.js** and **Express.js**.
- Implemented authentication and security features using **JWT** and password encryption.
- Used **Joi** for data validation and designed backend logic for users, bookings, payments, training sessions, and expenses.
- Collaborated with team members to design the database structure and integrate frontend and backend components.

07/2025 – 12/2025

ICT Website – Hadafe-Barter Academy

Front-End Developer Intern | Team Project

- Collaborated with a development team to build a real-world ICT website during a 6-month internship.
- Developed responsive user interfaces using **React.js** and **Tailwind CSS**.
- Integrated frontend components with backend services and worked with APIs to connect the application flow.
- Participated in debugging, improving code quality, and solving real development challenges.
- Improved teamwork, communication, and experience working in a professional development environment.

Education

07/2025 – 12/2025
Kabul, Afghanistan

Front End Developer

Hadaf-e-Bartar Academy

- Collaborated with a development team to build real-world web applications, including an ICT website.
- Developed responsive user interfaces using **React.js** and **Tailwind CSS**.
- Contributed to back-end development and integrated front-end components with RESTful APIs.
- Worked with modern development tools, version control, and collaborative workflows.
- Solved real-world development challenges while improving code quality and application performance.
- Strengthened teamwork, communication, and problem-solving skills by working in an agile team environment and meeting project deadlines.
